Minutes of the previous meeting

Linda Salzwedel shared the January minutes. A motion was made by Tim Salzwedel, 2nd by Dave Seitz to accept the minutes as read. Motion carried by member vote.

OLD BUSINESS

Monthly Ray Aviation Scholarship update

Connor had 3 ride-alongs in the Cirrus. This morning he went up with Vonda and solo'd. Connor did some work on the Farm. He went for his written test but did not pass. He is studying with Vonda and Vince so that he can re-take the test.

Chapter Donation to Booster Club – Report

Tom reported that JK at the Bank of Mauston was very happy with it. For every \$50 donated, some companies are matching it. Scully Oil, Grey Electric and the Bank of Mauston are some of them.

The December Chapter Video magazine.

On the video we learned that AirVenture is ON!!!

You can sign up for sessions available to view online. This will count toward our chapter earning the Gold, Silver or Bronze flag. There are six sessions, but you don't have to view them all.

NEW BUSINESS

Membership

Bill Dow wants to know if we will not do the banquet, will we have a separate mailing for dues, since that normally went out with the banquet information. It was decided to start with email, and send snail mail to those without an email. Membership renewal will stay at \$20. A letter will be added to say that hopefully we will have a banquet in the spring – possibly outdoors.

Banquet

We will wait for a while yet and watch the virus and vaccination numbers. Maybe we can have one in late spring.

Fly-In 2021

Tom is planning on having one this year. He plans to do a generic poster to start with. He is going to start contacting sponsors. He says by the end of the 2nd quarter we could put a poster out. We have to figure all this out by the end of July. Bill says the sooner we decide, the sooner we can get representation from the Commorative Air Force.

ADDITIONAL MATTERS

Technical and Safety Report

Dave Seitz discussed the document he sent out for everyone to read – Accidents. We discussed one item on the list in that document - #15: Three aircraft were lost to in-flight icing in 2020. Everyone should be aware of how quick it develops. So don't fly into these conditions. There is an AOPA video as well about an icing death that we could watch. It pointed out all the things the pilot did wrong. There were a lot of bad decisions.

Adjourn

A motion was made by Tom Chudy, seconded by Tim Salzwedel to adjourn at 8:06 p.m. Motion carried by member vote.

Submitted by Linda Salzwedel, Secretary
